## + SKILL SUMMARY

Dedicated and reliable team player with the ability to rapidly develop fully responsive websites using languages including HTML5, CSS, JQuery, PHP, MySQL and CMS solutions.

With a solid understanding of best practices for the web, I consistently produce high quality, organized and bug-free code compatible with all the latest browsers/devices. I also have experience in digital marketing, brand development, social media management and analytics.

A consistent goal of mine is to not only continually strengthen my skills as a web developer, but also find out how to best use these strengths to support the growth of a team/company.

## + JOB EXPERIENCE

### ● WEB DEVELOPER // Curran & Connors

MAR 2014 - PRESENT

Developer for a digital agency specializing in corporate reporting materials for high-end and Fortune 500 companies. Projects include development of websites, online annual reports, microsites and lead gen pages. Work is custom coded utilizing latest technologies listed in my Pro Skills section in the sidebar.

Monitored web analytics accounts, collaborated on internal brand management including social media marketing, digital marketing, PPC/Adwords and podcast creation/editing.

### ● WEB DEVELOPER, OWNER // Streetcar Productions

APR 2009 - PRESENT

Own and operate a freelance web design/development firm servicing many sites throughout Long Island. Clients include advertising/media agencies, not-for-profit, retail, hotel suppliers, commercial real estate companies, artists, restaurants and fitness studios.

### ● WEB DEVELOPER // Target Group Media

JAN 2012 - NOV 2013

Responsible for all web development and digital needs. Built and maintained websites (front and backend); SEO; Email marketing (iContact/MailChimp); Analytics review; and video editing.

## + DEVELOPMENT HIGHLIGHTS

### ● LOWE'S CORP. // Social Responsibility Report Website

RESPONSIBILITY.LOWES.COM

Custom built Wordpress website based off provided design (PSD to HTML). Responsive via Bootstrap framework; SEO compliant; web animations via jQuery. Also implemented "event tracking" via Google Analytics and provided quarterly analytics reports.

### ● CITY OF SAN JOSE, CA. // Office of Economic Development Website

SJECONOMY.COM

Custom built Wordpress website based off provided design (PSD to HTML). Responsive via Bootstrap framework; Multiple custom shortcodes; SEO compliant; web animations via jQuery. Also responsible for developing a specialized map using the Google Maps API to highlight local businesses, as well as travel options and specific areas of San Jose.

### ● HOTELURE, INC. // eCommerce Website

HOTELURE.COM

Woocommerce based eCommerce website with extensive coding modifications including a custom developed/designed homepage. Setup SSL, payment gateway (Quickbooks/PayPal Pro) and hosting. Integrated many additional features including 1,000+ product importing capabilities, shipping options and WP search improvements.
